USSR TERRITORIAL-ADMINISTRATIVE CHANGES (3)

[Comment: The following territorial-administrative changes were reported in the May and June 1954 Soviet press and in SSSR, Administrativno-territorial'noye Deleniye Soyuznykh Respublik (USSR Territorial-Administrative Division of the Union Republics), published in 1954.

The dates of the ukases establishing the changes are given when available. Ukases are arranged alphabetically by republic and are listed chronologically thereunder. Of particular interest is the consolidation of village soviets in the Estonian and Latvian SSRs.

Numbers in parentheses refer to appended sources.]

## ARMENIAN SSR

By an 18 May 1954 ukase of the Presidium, Supreme Soviet Armenian SSR, the populated point of Agarak, Megrinskly Rayon, is designated a city-type settlement.(1)

## ESTONIAN SSR

By a 27 May 1954 ukase of the Presidium, Supreme Soviet Estonian SSR, Pyussi Village (seleniye), Kiviylisliy Rayon, is designated a workers' settlement, retaining its former name. By the same ukase the administrative boundaries of Pyussi Workers' Settlement are approved.(3)

Ukase on Consolidating Village Soviets

[Note: Following is the full text of the 17 June 1954 ukase of the Presidium, Supreme Soviet Estonian SSR "On Consolidating Village Soviets of the Estonian SSR."]

Because of the consolidation of kolkhozes and the interkolkhoz organization of land exploitation, the boundaries of kolkhozes, in a number of cases, do not correspond to the boundaries of village soviets. Many kolkhozes are included within the boundaries of more than one village soviet, creating serious difficulties in fulfilling tasks of village soviets in the field of state administration and economic and cultural construction.

Because of this and in order to improve the work of village soviets the Presidium, Supreme Soviet Estonian SSR, has issued a decree --

1. Approving the proposal of the Council of Ministers Estonian SSR and consolidating the 641 existing village soviets of the Estonian SSR into 320 village soviets as follows:
